# Wear

# WHAT TO

**2** Pick a variety of styles.

**3** Jewelry, scarves, hats, and belts, help to create depth which makes photos look more realistic.

**1** Choose your fave 5 outfits.

**4** Outfits should match your photo location. A boho dress next to graffiti won't look as good as in a field.

Before your grad photo session, I'll show you how to look your best with a one-on-one fashion styling & consult. We'll go through your clothes and pick out 3 or 4 fabulous outfits.

# Makeups

Please be sure to have your make up done. Normally you are gonna want to go heavier than you normally would wear your make up. Fake lashes always look great .. if that is your thing.

Try to get your make up done professionally. I always recommend air brush because it lasts longer. Also get a manu and pedi for those gorgeous hands on face poses.

# Why Airbrush?

4 Sometimes regular makeup ends up looking dull and flat on camera. Using a pro makes your makeup look camera ready.

3 Airbrush Makeup evens out skin tone, and hides any skin imperfections. Plus it makes your skin look flawless.

2 Airbrush makeup stays on all day and doesn't melt in the hot YOUR STATE heat. You look your best all day.

# *Gorgeous Hair*

Having your hair professionally done ensures stunning, gorgeous locks in every image. From braids, to curls, to feathers in your hair; it's all wonderful.

# What do I edit?

I believe in getting everything right straight out of camera, so I don't have to do a lot of Photoshop.

I remove anything that's temporary. This includes acne, dark circles, hair flyways, etc. Anything permanent (like scars, moles, braces, etc), I don't remove unless requested.

I do smooth out skin if needed, but it's NEVER plastic or fake looking. Most images are lightly edited. Generally I just add pops of color to make your images bold and rich, but you will always look like you.

# FAQ'S

## How do I book a session?

**1** A parent must call to schedule all the details. We'll pick a date, I'll send over a contract, that will need to be signed, then you can send payment

## How do I pay?

**2** I accept Cash, Check, Venmo and Zelle  
Checks will be deposited the following business day.

## What about products?

**3** There's a \$399 (plus sales tax) minimum product order required for all sessions.  
Products take 2-4 weeks to come in.

## Can I bring a friend?

**4** A parent is required to attend the session. Yes you can bring your BFF but let's keep it simple just one friend please

# IMAGE

# Quantity

**An average session will have at least 150 images. Here are the reasons; QUALITY over quantity.**

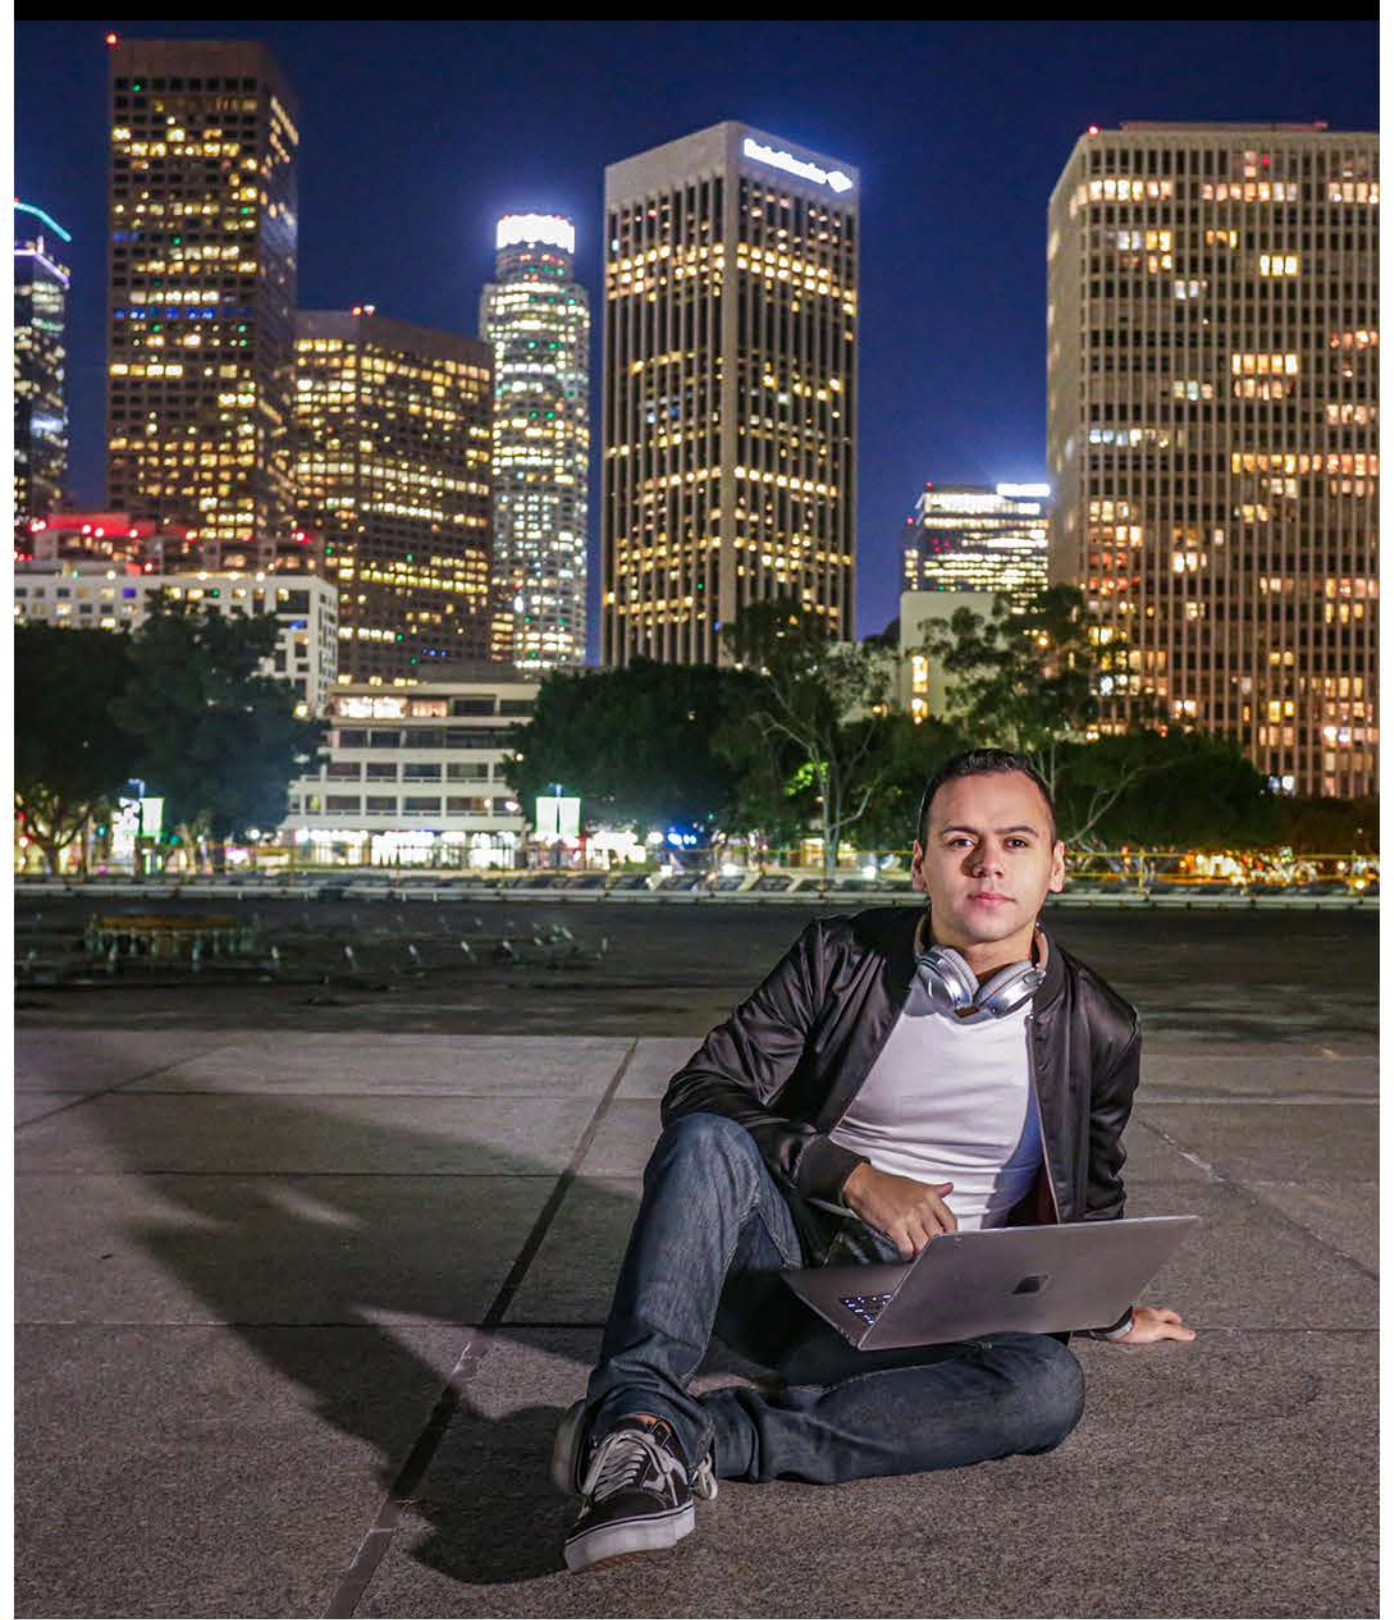

1 I make sure every detail is correct in camera, and try and nail each picture, so I don't need to take a ton of the same image or pose.

**Typically you get 40 images per outfit.**

2 That being said, I don't put a limit on poses or images; the key is variety, and what is the most flattering.

During the session you'll see tons of back of the camera images.

3 Sometimes people blink, there's an out of focus shot, an unexpected photobomb, etc; these things happen and I choose not to give you these photos. I only deliver the photos that make you look your best.

# what to *expect*

a typical  
timeline  
for the day

**Morning: Go out to breakfast with your mom**

**Early in the day:  
Go and get your Mani Pedi**

**Around Noon: Go and get your hair done**

**Mid Day: Get all your outfits together**

**4 Hours before sunset: Get your make up done**

**2 Hours before sunset: Meet me at location with first outfit on**

**Sunset: Best time for photos!**

**After Sunset: Go out to dinner and have fun with your mom.. You deserve it!**

# after the *session*

aka when can I see my photos?

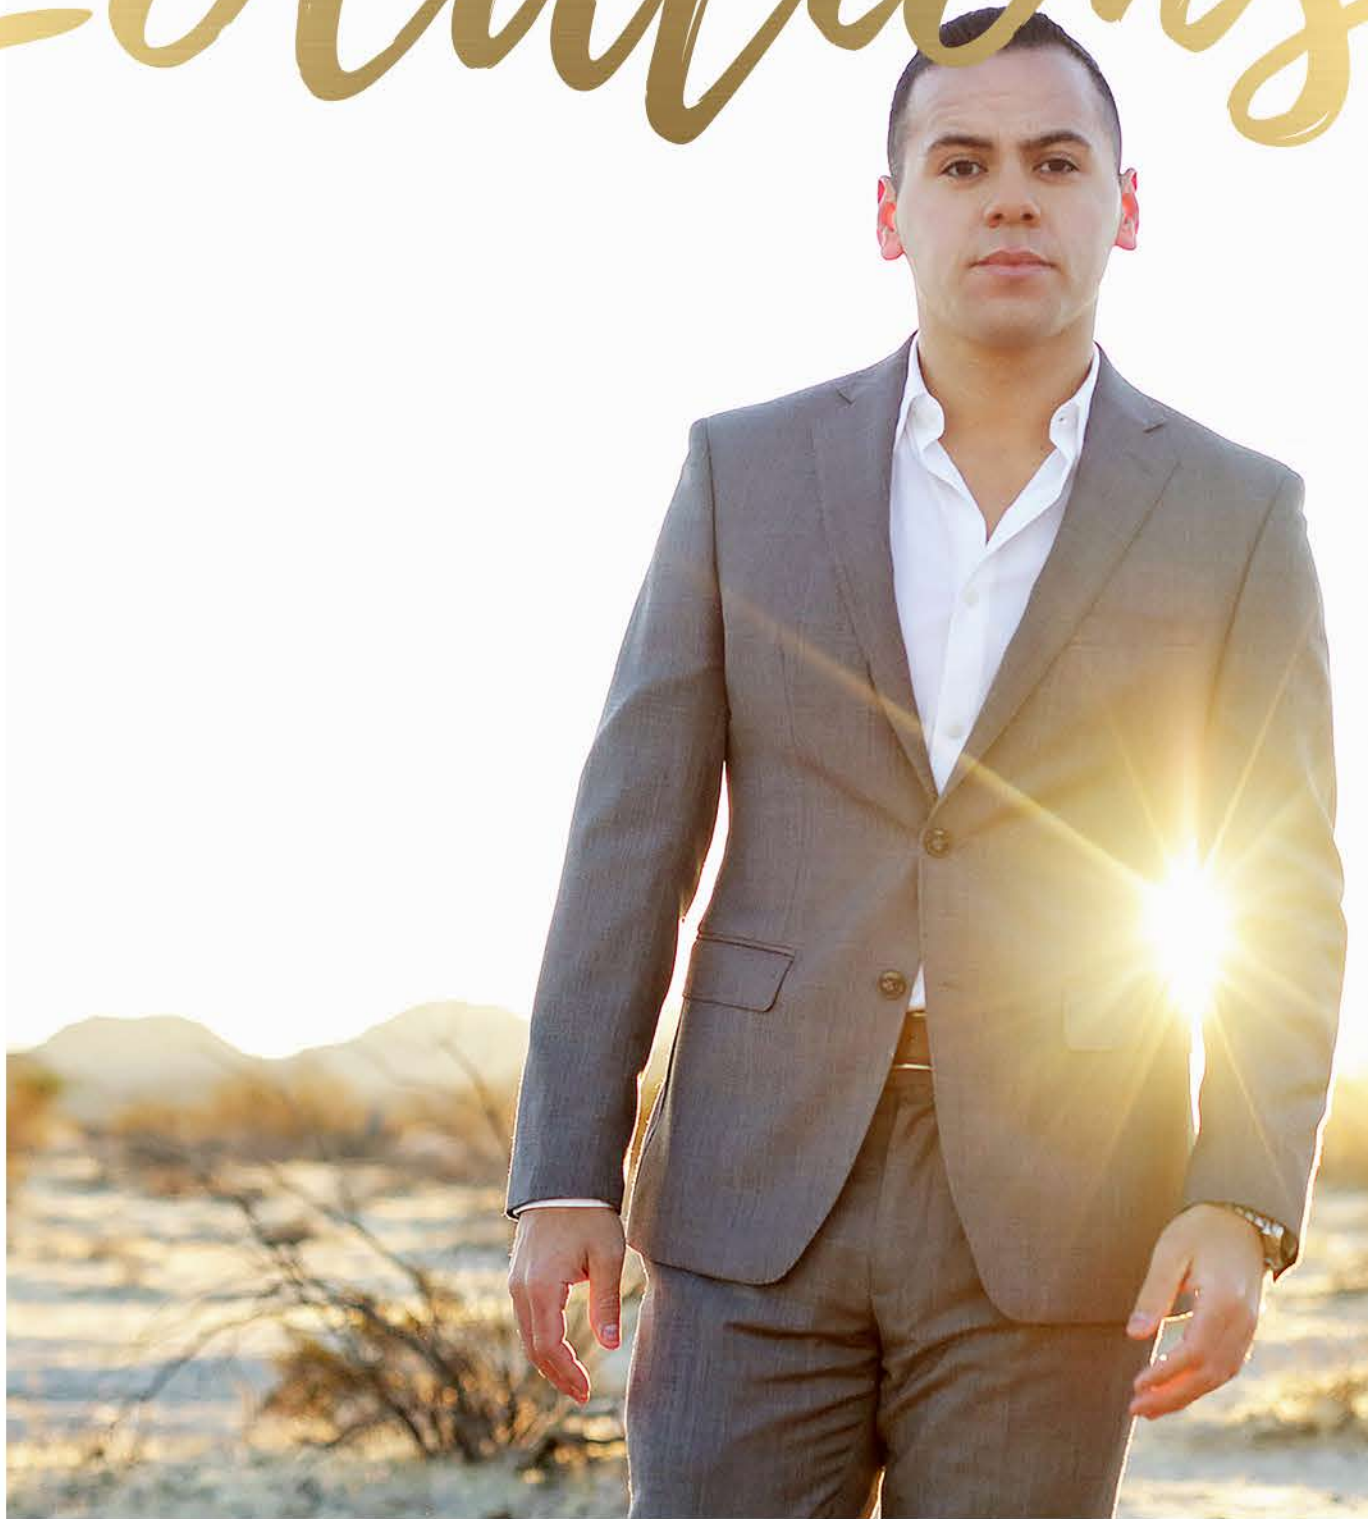

Editing takes about a week. After the images are ready for viewing I will call or text to schedule a photo viewing session.

Most products take 2-4 weeks to come in. When they do I'll give you a call to come pick them up.

Products are ordered after payment is received in full. Digitals are delivered within a week or two via online gallery and you will also receive a USB of images if you chose a package with them.

# Locations

If you are interested in a more unique location, let me know and we can discuss that. We can do mountain, deserts, beaches or even a fine art in studio shoot like the ones you have seen in this magazine.

I will be sending you a locations PDF for you to look over. I can also shoot you at your graduation school.

*Perfection.*

# Outdoor & Nature

My favorite outdoor locations: Schabarum Park, Irvine Regional Park, Bosque Del Rio Hondo, Laguna Beach, Craig Park, The Desert and of course The Mountains

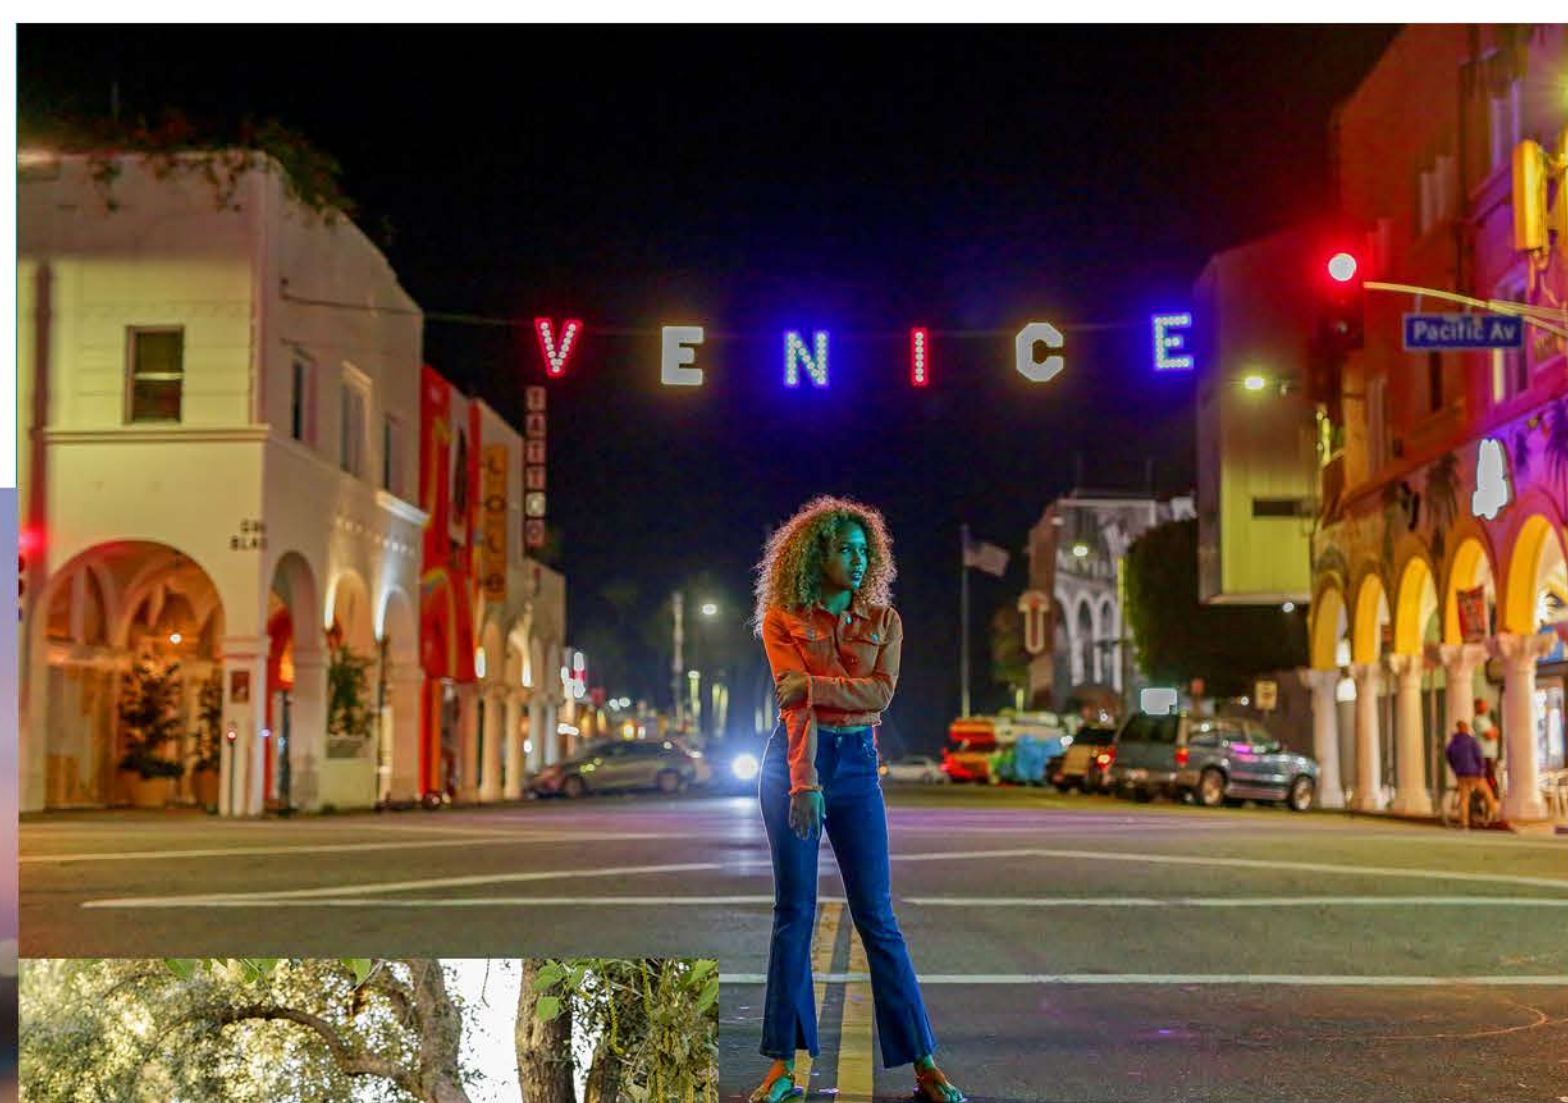

Right before the sun sets, the light is magical, and dreamy.

# Downtown & Urban

The best place for an urban setting is obviously Downtown LA. There are a few places all close to each other that have perfect mid-afternoon light.

The picture above was taken in Venice at night.. a night session is also alot of fun

I love shooting at campuses too Cal Poly Pomona, Chapman University and SOKA are some of my faves!
