BRAD HENRYE**

# hello

---

*Well, hello there, new friend! My name is Edna Eudave and I am owner and master photographer of Square Eye Photography. Wait.. I'm not just any photographer.. I am psychotically obsessed and impassioned by photography. I wake up every day grateful that I can do what I love for a living! And have been doing it professionally for over 22 years! I am extensively published and award winning.*

---

It all started about when I was 5 years old. My father who was a hobby photographer purchased a Canon AE-1.. that was it... I was hooked! I have been shooting my family and friends since then. I eventually majored in Fine Art Photography and English Literature and dropped out to start my business. I could not wait to just dive right in to the real world. I have been shooting professionally since I was 19.. can you believe it 19!

Since that moment, I was 100%, hands down hooked on photography. With my friends, family and co workers' insistence. I quit my regular day job over 15 years ago and I dove right into the realm of FULL TIME professional photography. I'm not going to lie: it was scary to drop my

safe office job and focus solely on taking pictures, but it was something I was so passionate about -- and something I mulled over for several years -- I knew it was the right choice.

It's been over 15 years since I went full time and my life has taken a major turn for the amazing. Day in and day out, I spend my hours meeting with incredible clients, heading to gorgeous on-location sessions and then editing the pictures that I took. My favorite part, though? The reactions of my clients when they get their photographs. Knowing that I helped them preserve a moment in time -- for the rest of their lives and for future generations -- is a feeling that will never, ever get old.

Have fun going through this family portrait info and I can't wait to meet you in person!

A BABY IS GOD'S OPINION THAT  
LIFE SHOULD GO ON

LATELY TAKEN

# What to Expect

## BEFORE SESSION

Please book your family portrait session well in advance. I am normally booked at least 3-4 weekends in advance... sometimes even more. If you can schedule your family portrait session during the week please do so as you have a higher likelihood of being able to schedule your session much quicker. If there is a particular prop you would like me to bring please let me know before the session. You are welcome to bring any meaningful props to your family portrait session. All photography sessions are scheduled 1-2 hours before sunset so keep this in mind when planning naps.

## DURING SESSION

Just relax and let me take care of posing. You don't need to know how to do anything I will help and guide you the entire way through. Bring candy and snacks plus water for little ones to bribe them to smile. Make sure the little ones are fed and have taken their naps.

The day of the session is not the day to discipline. Please keep the love and happiness flowing as our time is limited and a disciplinary action can turn the session sour for little ones and may be a detriment to us not getting any smiles. Bribery normally works well. I always say 1 M&M per smile works wonders.

## AFTER SESSION

Within a few days, I will normally post a sneak peak on social media. A week or two after your photo session, your photos will be ready for viewing, you will come back to my home office/ studio to view and place your order. I will go through all of your photos with you and I will help you choose the best images for your walls, albums and gift prints. Please have an idea before we meet who will be receiving prints and also what wall portraits you may want to order. You are welcome to bring images of walls and rooms.

# Your Investment

---

Session Fee \$100.00 (Non Refundable Does Not Go Towards Package)

---

All sessions are 1-2 hours long and depend on little ones in the session. Little ones under five normally cannot go longer than 1 hour. Older children can sometimes go longer and teenage and adult children can go 2 hours.
